Pickering Banner Designs

Concept

My banner concepts are designed to capture the essence of what makes Pickering special—the small, everyday moments that connect us to the natural world around us. Whether it's a quiet morning walk where you spot a deer grazing in the distance, the thrill of seeing a hawk soaring high above the trees, or the peaceful sound of an owl calling in the stillness of the night, these experiences are woven into the fabric of peoples lives in Pickering.

By featuring these natural flora and fauna, the banners don't just highlight the beauty of our landscapes; they also symbolize the diverse and vibrant identity of Pickering. Each design is a reminder of the importance of coexisting with and preserving the environment that shapes our community. In celebrating these moments and the wildlife that we share our city with, we're honouring Pickering's natural heritage and fostering a deeper connection between the environment we are surrounded with.

Banner 1

Deer

Related Flora: Oak Trees, Wildflowers

Significance: Often seen grazing in the quiet woodlands and fields of Pickering, the White-tailed Deer symbolizes the peaceful coexistence of nature and urban life in the city.

Banner Concepts

Banner 2

Eastern Cottontail Rabbit

Related Flora: Grasses, Clover, Dandelions, Berry Bushes

Significance: These rabbits are a common sight in the grassy areas and backyards of Pickering, representing the city's rich biodiversity and the small wonders that thrive in everyday spaces.

Banner 3

Red-tailed Hawk

Related Flora: Trees, Meadow Wildflowers

Significance: Soaring above Pickering's open skies and treetops, the Red-tailed Hawk is a symbol of freedom and the untouched natural spaces that are still found within the city.

Banner Concepts

Banner 4

Painted Turtle

Related Flora: Aquatic Plants, Pondweeds

Significance: Found in Pickering's ponds and wetlands, the Painted Turtle reflects the importance of water habitats in maintaining the city's ecological balance.

Banner Concepts

Banner 5

Great Blue Heron

Related Flora: Wetland Plants, Willow Trees

Significance: Gracefully wading through Pickering's wetlands, the Great Blue Heron stands as a reminder of the city's commitment to protecting its vital waterways and natural habitats.

Banner Concepts

Banner 6

Raccoon

Related Flora: Fruit Trees, Nut-bearing Trees, Corn

Significance: The resourceful raccoon, often spotted in Pickering's urban and suburban areas, symbolizes adaptability and the blending of nature with modern living.

Banner 7

Eastern Owl

Related Flora: Deciduous Trees ,
Evergreen Trees, Meadow Plants

Significance: The Eastern Screech Owl, with its mysterious nocturnal presence, represents the hidden beauty of Pickering's natural environment, reminding residents of the wildlife that thrives even in the quietest corners of the city.
